

To make sure you feel completely comfortable and enjoy a well-being and safe time with us please have a look at the most important precautions and measures to protect your and our colleagues health:

Protection and safety regulations

We ask you to wear a face mask (medical mask or FFP2) at all times in the entire public hotel areas as well as to your appointment at the beauty parlour "Bel Etage" or at the Reha Vitalis fitness center.

In our restaurants you can remove your mask as soon as you have taken your seat.

Our colleagues wear a medical face mask at all times - whether at reception, in the back office, restaurants or when cleaning your room.

For a stay in our house we require a negative Corona test until further notice.

The confirmation of a survived certificated negative PCR test or antigen test which must have been taken no earlier than 48 hours before arrival (also for business people) has to be shown upon check-in.

During your stay at this time you will need a renewed test every 48 hours aswell, calculated from the date of issue of the last test. Please note, that the test for activities outside the hotel must not be older than 24 hours.

A complete Corona vaccination (usually 14days after the second vaccination) or a recovery from Corona (at least 28 days and a maximum of 6 months) exempts from the testing obligation if the proof is presented upon arrival. Please be aware that the mask obligation is still required. Children below 6 years are excluded from the obligation of testing.

Teststations in the surrounding of the Parkhotel Weiskirchen

Wadern: about 5 min driving time away

[Drive-In, Herbert-Klein-Halle](#) & [DM Wadern](#)

Weiskirchen: approx.2 min driving time away

[Dorfgemeinschaft Thailen](#) & [Wildpark-Alm Weiskirchen](#)

Losheim: about 10 min driving time away

[Drive-In, Parkplatz Eisenbahnhalle](#) & [DM Losheim](#)

We ask our foreign guests to observe the respective entry regulations of the Saarland government ([Einreisebestimmungen](#)).

Culinary time

In the morning we offer our various breakfast buffet in the restaurant. Our kitchen staff will have a look after you based on the current hygienic guidelines. Please wait at the entrance of the restaurant until you get a table by the service staff. In the evening we will serve a delicious menu.

In our Brasserie and connected beer garden we offer à la carte dishes until 10 pm. Drinks are available until 11 pm (last order and payment of alcoholic drinks is 9.45 pm).

Wellness

Wellness treatments in the beauty parlour "Bel Etage" are possible. Also the fitness-area of the Reha-Vitalis is open and invites you for a workout. You have to show your certificated, negative Test, not older than 24 hours at the reception desks. We kindly ask you to make an appointment before the use.

Unfortunately our Vitalis spa and wellness center remains closed until further notice.

cleaning, disinfection and safety

We provide disinfectants in the entrance of the hotel lobby, next to the elevators and at the entrance of our restaurant. Please use them.

After each use of menus, chairs and tables we disinfect the surfaces with a surface disinfectant suitable for viruses.

At the reception we have put up glass panels to protect you and ourselves.

After the check out of a room and the normal cleaning we disinfect the whole room for the next guest.
